Dearest Darling Heart,

Yesterday I had a letter from Ted and he is coming to see me next Sunday. I am so excited about it. I can't believe that I shall be with him again. I keep thinking of all the things we have to do and say to each other. I feel as though I have been waiting for this moment for years. I am so afraid that something will happen to prevent it. I keep thinking of all the terrible misfortunes that might befall him. I am so afraid that he will be killed in a motor accident. I wish I could forget the war for a little while. Every time I see a motor lorry I think of Ted

FOREWORD

WAY out West in West View, where there are no prancing steeds, two-gunned lotharios, sage brush, cactus, or any other distinctly western objects, we have a high school of which each and every member is proud. But, being proud of the school, we must take into consideration the students, the teachers, the administrators, the school board, and every factor that influences the building of a fine school.

This 1948 yearbook contains in part this story.

So join us—the class of '48—in a round-up of the year. True, it is mostly about us, but we think you will enjoy reading of the courses we studied, the things we did, and the fun we had.

Ginny,
Lots of luck to a wonderful girl. Be good always & never do anything I wouldn't do!
Love
Gail S.

Sunny: Luck and Pandy in all grades. Success in all you do. Good luck to you in the Cheerleading squad next yr. Be Good!
Marsha Brenner

Dear Ginney,

Next year we will be sophomores. We hope. I hope you will still remember the fun we had in room 3 and in Mr. Walkup's class. Boy! were you scared when he threw you out of class. I bet today was the only time you ever had ever happened. Remember "48" "51" "51" and W.V.H.S. - the good ole days. I will leave you with a thought. Remember time flies. Love always, Ginny "51"

Good luck and success next year to a real cute kid.

Dear Jim,
To a real pretty girl.
With all sweet personality.

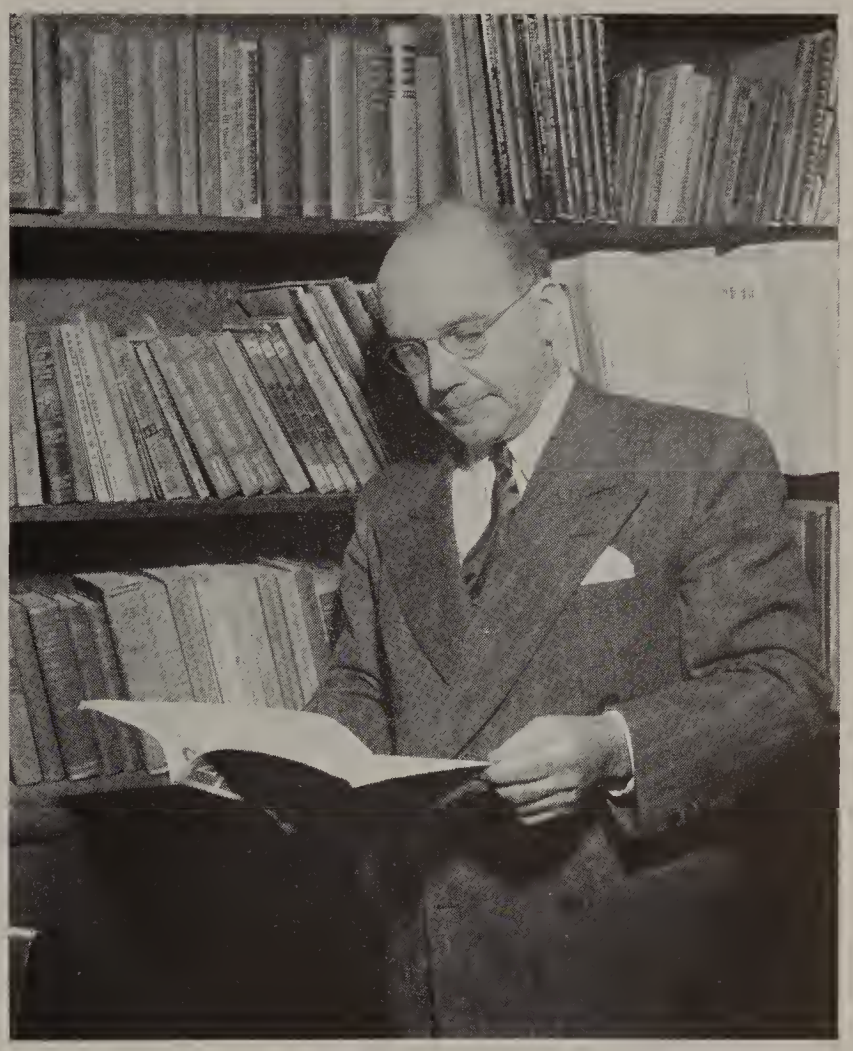
. . . . And Plan Our Future



For the past four years, we, the students of West View High School, have been fortunate to have the services of Mr. W. Robert Paynter, an excellent administrator. Through his tireless efforts in maintaining high standards, the school has gained prestige and preeminence not only in the immediate area but throughout the state. In the years since 1930 when Mr. Paynter first came to West View, he advanced from a teacher of mathematics and science, to the first principal of the high school, and in 1945, he was made supervising principal of West View's schools. Mr Paynter attended both Penn State and the University of Pittsburgh, where he earned his Master's Degree.

Mr. Robert F. Jordan, the high school principal, was a true friend of each student. Although heavily pressed with school duties, he still found time to hear individual problems, discuss future plans, and take a keen interest in all classes and sports. In addition, every morning and afternoon his well-known voice came over the air as he made the announcements. Mr. Jordan recently left the military service for his new position as principal. He has a deep understanding of the students and their difficulties; he is well-founded as a school leader. With years of school work behind him, Mr. Jordan is well-liked and appreciated by those he serves.

Works Toward A Better School

Sitting—*left to right:* Mr. Laurence C. Morehouse, Mr. Edward C. Werner, Mr. Howard G. Canning, Mr. James L. Maloney, Mr. Frank J. DeMaria.

Standing—*left to right:* Mr. Harry Heer, Mr. Charles N. Marien, Jr.

FEW people take time to consider the importance of our school board. They are a most prominent civic group. Their job is to regulate school taxes and expenditures and to select the school supplies required by our students.

There are eight members in all. They are: Mr. Edward C. Werner, president; Mr. Howard G. Canning, secretary; and Mr. Frank DeMaria, Mr. Harry Heer, Mr. James L. Maloney, Mr. Charles N. Marien, Jr., Mr. Laurence C. Morehouse, and Mr. Charles E. Wissner.

These men have all been reelected many times. Proof of the fine work they have done is evidenced in the confidence placed in them by the people of West View. They receive no compensation for their time and effort.

Some of the important topics that came before the board this year concerned the proposed merger of the Ross Township and West View school districts, improvement of the athletic field, and a new plan for the chorus contests.

The school board is the policy-making group of the school. All agree that they have done a fine excellent job and wish to extend to them their appreciation.

SENIOR EXECUTIVE COUNCIL

Second row—*left to right:* I. Tartaglione, J. Hermansdorfer, Miss Wright, Mr. Martorelli, Miss Delp, D. Steele, K. Richey.

Plan Our Social Events and Heed Our Problems

"GEORGE, what is our senior activity going to be? Phil Wettach said something about a Backwards Party, whatever that is." This is typical of the questions piled on George Fletcher, president of the senior class and of the executive council. The aim of its members is to take care of all senior affairs whether they be complaints, social activities, or just senior matters of importance.

The ardent members of the council are the class officers: George Fletcher, President; Charles Tessmer, Vice-President; Lloyd Murray, Treasurer; and Ida Tartaglione, Secretary; and, in addition, the homeroom representatives, Glenn Beynon, Jean Hermansdorfer, Ed Kerr, Ken Richey, and Dick Steele.

Together with the class sponsors, Mr. Martorelli, Miss Delp, and Miss Wright, they worked out the backwards party, planned the procedure for ordering name cards and graduation announcements, plotted for class day, and dealt satisfactorily with every other item that arose.

In the light of the fine job they performed, every member deserves the confidence put in them by the class and our proud thanks for an exciting, successful, senior year.

PROM

Swing and Sway
The West View Way

A SKY sprayed with stardust, a romantic full moon, a balmy summer breeze, handsome fellows and beautifully gowned girls,—what more could you ask for a perfect junior-senior prom? Yes, heaven had smiled kindly on "Buz" Pinkerton, class president and prom chairman, when on May 14th, West View's dazzling couples stepped expectantly into the Schenley Hotel and learned how well he and his committee had planned the affair. Through the receiving line they walked, bidding their "helloes" and casting eager glances toward the dancers floating about the lush Crystal Ballroom. To the mellow music of Lee Kelton and his orchestra they swayed, and when one of the faster tunes was presented some of the gay couples headed for refreshments and momentary rest. But, alas, all good things must come to an end; so by one o'clock the weary couples, filled with visions of a wonderful prom, contentedly drifted from the scene of a happy evening.

The house lights dimmed as the last strains of the orchestra died away. A nervous cast, and director, Mr. Craig, held their breath; the curtain slowly parted on the first act of a three-act comedy. "Love Your Neighbor," was presented in the auditorium on March 21st, by the up and coming actors and actresses of the junior class.

Tessy Vashki, home town girl, is about to marry Ozzy Frederick, Chicago glamour lad. The Vashki household buzzes with wedding preparations and a swarm of bees, which belongs to Johnny Jones, ex-marine, who had moved next door. Discovering that Tessy, with whom he is in love, is engaged, Johnny assists with the wedding rehearsal. He goes in quest of a minister but returns without one. Why—? He merely asked at the door of each minister's home if he would subscribe to Esquire. The wedding is further complicated by the discovery that Ozzy's aunt is trying to force Johnny out of business. Outraged at such treatment of an ex-G.I., Tessy is ready to interfere when Dixie arrives asking for her husband, Johnny Jones. At once Tessy decides to marry Ozzy. They are at the "I do" stage when the bees again invade the Vashki household. The final act involves a boxing bout, the fire department, and the return of Dixie to discover her Johnny Joneses are mixed. Out of all the confusion, Johnny gets Tessy, Ozzy gets one of the twins and the bees are smoked out.

As the curtain fell on the final scene of the hilarious three-act comedy, "The Man Who Came To Dinner," the seniors realized that their last class play in high school was a huge success.

Portly, Falstaffian Sheridan Whiteside, famous drama critic and lecturer, having encountered an accident at the doorstep of Mr. and Mrs. Ernest Stanley, is confined to their home for several weeks. Here he proceeds to dominate the members of the household. Matters become complicated for Whiteside when his able secretary, Maggie Cutler, falls in love with Bert Jefferson, local newspaperman. Not wishing to lose his best critic and "right arm," he calls the glamorous, worldly actress, Lorraine Sheldon. He offers her the lead in a superb play which Jefferson has written, hoping that while they are working on the play, she will divert his attention. When Whiteside realizes that Maggie is resigning—Bert or no Bert—he tries desperately to right the wrongs he has done. Between telephone calls, Whiteside receives many quaint visitors. Dr. Bradley, slightly daffy over a book he has written; Harriet Stanley, the "strange" sister of Mrs. Stanley; Professor Adolf Metz, crackpot on the subject of Periplaneta Americana (cockroaches, to you); Beverly Carlton, conceited but likeable English actor; and Banjo, a Hollywood comedian, are some of them. The climax comes when Whiteside, upon at last leaving the Stanley home, again falls and fractures his hip.

The Senior Class was proud to have Mr. Craig as their able director.

SENIOR ACTIVITIES

SENIORS! The magic word that is so important to every class suddenly became our name, and the Class of '48 lost no time in making the title a reality.

Books and tablets had scarcely been issued when a voice announced over the public address system that senior pictures would be taken within a few days. At Strem Studios combs were pulled out and hair was combed as we nervously awaited our turns. Then, with a sigh of relief, we relaxed from our poses and headed for home. About a month later, we received our proofs, and screaming with laughter, we passed them around for all our friends to see. Finally, after serious deliberation, we sent for the pose we liked best.

Things ran smoothly for a time, and then one day at a class meeting we decided to try something new and exciting in the way of an activity. So, we planned the "Sdrawkcab Ytrap" or "Backwards Party." Now it was the girls' turn to keep the fellows on pins and needles by waiting until just a few days before the party to invite them. On the fatal night, we climbed in through the windows, wore our clothes buttoned down the back, and even ran the clocks backwards. After devouring the basket lunches prepared by the boys, we danced in the gym. To say that everyone merely enjoyed themselves would be a gross understatement.

Soon after Christmas vacation, we ordered our name cards and announcements. When finally they arrived, we barely had a glimpse of them before they were replaced by a pile of friends' name cards.

Then came the class play, and our self-styled actors and actresses tried out for the yearly event. A cast was chosen, and rehearsals began in earnest. With hard work, "The Man Who Came To Dinner" took shape and was successfully presented April 2.

This year, the class did something that was original. We packed up and headed for Washington, D. C., in the second week of May. With our teachers, we toured the beautiful city and visited many monuments and historical sites.

We returned home only to be caught in the mad whirl of our last senior activities. The prom, Baccalaureate service, May Day, and finally, in our caps and gowns, we marched down the aisles in the Heinz Auditorium to receive our diplomas. On that night we joined that vast group known as the alumni of West View High School.

After a wonderful senior year, we bade goodbye to our Alma Mater where we had spent the best years of our lives.

CLASS ACTIVITIES

ANOTHER year is over, but the memories of this year will linger. The happy moments at the prom, the hayrides, the parties, and the picnics will not be forgotten.

The Junior Class events began with a hayride, which was held at North Park in October. On its heels followed "Our Hearts Were Young and Gay," their class play, presented on November 21, 1947. The performance was a comedy in three acts, and it turned out to be a huge success. Then on Friday evening, May 14, the long awaited Junior Prom was held in the luxurious Crystal Ball Room of the Schenley Hotel. The music for a wonderful evening of dancing was provided by Baron Elliott and his orchestra. By one o'clock everyone had to agree the prom had been sheer perfection, the crowning event of the year. The success of the Junior class activities lay in the hands of the sponsors, executive council, and the four officers who were: President, Hal Foster; Vice President, Don Fisher; Secretary, Nan Shepfer; and Treasurer, Joan Walton. To them goes the juniors' appreciation for an exciting season. The Juniors now look forward to the most important year of all and the many activities it involves. The sponsors are: Miss Kiedaisch, Mr. Craig, Mr. Puchta.

Gay, laughing sophomores were seen dashing around with excitement on November 14th. For weeks in advance, all the boys had been asking their girls for a date for the big hayride. Chartered buses left the school filled with fellows and girls dressed in blue jeans and "sloppy joes." The boys carried brightly colored blankets and the girls took the delicious lunches they had prepared. The Sophs arrived at Rose Grove in North Park, where several hay wagons were waiting. Everyone literally poured from the buses making a mad dash to see who could get on the wagons. After circling the lake several times the hayriders met at the grove again. There they ate and danced until twelve. Then the buses returned the tired but happy couples home. The hayride was a great success. One more activity is on the calendar for the sophomores which probably will prove to be loads of fun. The class officers were: Gene Miller, President; Dave Lebo, Vice President; Sue Beall, Secretary; and Al Mazur, Treasurer; Miss Grob, Mr. Caruso, Miss Rucker, Sponsors.

A Saint Patrick's Day party on March 19th, proved to be loads of fun for the up and coming freshmen. The party began at 8:00 in the gayly decorated gym. The couples danced to the music of Harry James, Tommy Dorsey, Sammy Kaye and many other famous bands, for all the latest recordings were played. Later in the evening, they were served delicious refreshments. When eleven o'clock came, the "Jacks and Jills" reluctantly went home. Miss Morgan, Miss Alcott, Mr. Guadagnino, and Mr. Martorelli, the 9th grade home-room teachers, were sponsors of the party. This was the only activity the class held this year, but with three more years ahead they can be sure of many more exciting and wonderful dances, parties, and hayrides.

The Eighth graders were bubbling over with excitement the night of their big Christmas Party. It was held in the library, which flashed with Christmas spirit. Music and laughter filled the room while the young couples danced to their delight. Then there were several accordian solos and some tap dancing provided by fellow students. Then came the hotdogs, ice cream, and cookies, which topped the party off as a big success. Miss Grob was the sponsor of this eventful evening.

Dear Kinny
Hope we will be friends for the rest of my school years

Dear Ginny,

I have had so much fun with you this year and I hope it continues. Always remember the fun we had at Shuffle Shop, Silver Lining and Always remember Chaos, because I will never forget you as long as I live. I guess we make such a darling couple. Let's remember the fun we had being Jr. High Cheerleaders. I think you will make a very cute 9th grade. Well I guess I'll close with a hug and kiss and I hope you have loads of luck the rest of your Cheerleading career.

ACTIVITIES

THE WESTVIAN

Looks Toward Student Approval . . . .

EVEN before school bells rang in the fall, the Westvian executive staff had begun work. At a meeting at the home of the editor, Nancy Sanford, the various staff heads gathered to discuss a theme for their "baby" and to be briefed on their duties.

On the second day of school, things really began rolling. A tentative staff was formed to dash off programs for the first football game. Then, they settled down to actual yearbook work. At a meeting of the entire staff the "Western" theme was chosen from several others offered, and with this in mind, Nancy attacked the job of planning the dummy. Chuck Tessmer rounded up his business staff, and they made up the traditional patron slips. Each yearbook member was asked to bring at least twenty donations. Imagine Mr. Puchta's astonishment when "Debbie" Berndt turned in over one hundred dollars worth! Lois Gallwits early got after her staff to finish those 215 senior write-ups. This behind her, Lois buckled down to correcting articles. Photography Editor, Mary Jane Onderka, together with her small but efficient group, contacted Strem Studios and arranged for portrait and group pictures. Upon receipt of these they prepared to mount them amid gooey glue, the paper cutter, mounting board, rulers, squeegies, etc.

Ed Kerr had to wait until mid-year before his work began. At the close of football season his staff wrote up the season's results and compiled material on the then beginning basketball and wrestling tourneys. The activities staff, headed by Josie Catanzaro, worked conscienciously on clubs and then on identifying the faces in the group pictures. Pat Taylor and her artists proved themselves worthy when they handed in a series of clever illustrations, their interpretation of the theme. Ida Tartaglione and her battery of typists were victims of a continual stream of copy, football programs, patron slips, and incidentals to be typed.

Generally, the Westvian ran smoothly during the year with only minor troubles concerning the selling of refreshments, late pictures, and May Day, but when Nancy and her adviser, Mr. Herman, finally put the book in the hands of the printer everyone was able to sigh in relief intermingled with pride in the fine job they had done.

THE WEST WIND

They Race To Meet Deadlines

Did you ever walk by room 205 during activity period and notice that swishing sound? Yes, that was our Editor-in-Chief, Pat Taylor, rushing in and out trying to get the articles in before the deadline. Even the assistant editors had their hands full doing their special jobs. You may have seen George Dierker, News Editor, in search of the latest scoop; Jean Dickey and Rosemary Scott busily writing feature articles; Madonna Campbell, Typing Editor, whipping her staff into action; Jean Bartholow, Circulation Manager, and her staff selling the West Wind during lunch periods; Henry Seidel, who was Advertising Manager, trying to solicit those hard-to-get ads; Lois Eyles, Business Manager, keeping the money straight; or Bob Fleming, Sports Editor, bringing us up to date on all sports.

"Drool Daze", the column in which we were informed of the latest romances, was the most eagerly awaited article in each issue. Of course, all articles were accepted with much enthusiasm. The regular feature articles were the "Indian File"—a sports column, "Inquiring Reporter"—which gave the students a chance to express their views, "Fash With a Dash"—which brought us up-to-date on the newest fashions, "Klub Kapers"—from which we learned all about current activities, and a new column, "Horning In"—which dealt with the music department.

We would like to extend our appreciation to the sponsors, Miss Delp and Mr. H. P. Smith, and to the whole staff for a fine school paper.

WEST ZEPHYR STAFF

Prepares To Take Over The West Wind

THE responsibility of editing the junior high newspaper was given to Pat Harris. The adviser, Miss Morgan, then appointed, as Personal Editor, Pat Harris; and, as News Editor, Joan Garvan.

The space given them for their own special information and gossip was found on the last page of the West Wind. As the time neared for each edition of the West Wind to go to press, the junior high reporters were dashing around in search of the latest romantic scoop.

The most popular column was the paralle of "Drool Daze". The name of the junior high version was "Super Snooper", and it contained every possible "love affair" that could be fitted together. Other articles holding interest for both junior and senior high were the summaries of J. V. football and basketball, "Up and Coming", and movie and book reviews.

To every reader, the West Zephyr has become an outstanding part of the West Wind

Airs Our Complaints And Fulfills Our Wishes

I MOVE we change the twenty days absence rule!" "I move we see Mrs. Custer about the sandwiches being too dry!" These and many other problems, some important, some not, but all concerning the betterment of the school, were brought before the Student Council.

In the spring of '47 our present officers were elected by a vote of the student body. Popular Ken Tyson received the confidence of his fellow students and was made president. Under him served the Cabinet officers and their committees. In addition, each homeroom chose one representative and one alternate, who was to attend the meetings in the case of the absence of the regular.

The accomplishments of our governing organization were numerous. As in past years, Student Council undertook the sponsoring of the magazine campaign. The money earned paid for our entertaining assemblies, and on the first day of school a handbook, stating the rules and regulations of the school, was given to each student. The chapel services during the week of Thanksgiving, Christmas, and Easter, the decorating of the cafeteria at Christmas, and the assembly programs were all the work of the Council.

The Student Council and their wise and understanding leaders, Miss Hofmeister and Mr. Metz, deserve a vote of thanks for their usual fine job.

SIGMA PHI SIGMA

Bolsters School Spirit

THE important job of maintaining a high pitch of school spirit fell to the Sigma Phi Sigma. They proved equal to the task in many ways. With the clever touches of President Josie Catanzaro evident everywhere, the club sponsored the invigorating pep rallies. Often, to the delight of the students, they spent long hours decorating the auditorium with red and yellow streamers, punctuated with bobbing balloons, in preparation for a rally. Of the clever skits presented, never to be forgotten are "The Wedding of Miss Victory" and "Dr. W. V. H's Quiz Show." This year the club assumed another responsibility, that of aiding the Booster Club in finding new members. In the evenings the Sigma Phi Sigma's faithful members canvassed the borough in quest of prospective Boosters. The gay posters advertising the home games and the festooning of the goal posts figured also in their program. The club's very active president, Josie, was ably assisted by Jean Bartholow, vice-president; Jocie Miller, treasurer; and Jane Vough, secretary. In the background were Miss Delp, who helped by writing the clever dialogue for the pep rallies, and Mr. Martorelli, sponsor. Composed mostly of girls, Sigma Phi Sigma represented the feminine contribution to West View's athletic program.

CHEERLEADERS

Drew Spirited Shouts From The Spectators

EAGER for football season to begin, the cheerleaders commenced practice several weeks prior to school's opening. In that time they perfected the old stand-bys and worked out new routines. For the first football game Jocie Miller, captain, and her crew, were ready to deliver the cheers with freshness and spirit. To their costumes of bright red sweaters and spanking white skirts, they added white gloves—perfect attire for under the lights; they bought new megaphones to complete the picture.

This year eight new faces appeared in the cheering line with Jocie Miller, Marilyn and Carolyn Wolf, and Joan Wurdock; they were: Jean Bartholow, Evelyn Dresbach, Joan Walton, Virginia Barker, Marian Sholl, Audrey Vaughan, Lucille Seethaler, and Billie Fullenworth. Their cheers echoed in the auditorium during basketball season and the gyms of opposing teams. Not once did they let up on practicing. If it wasn't in the gym after school under the guidance of Miss Aiken, it was at the home of manager Pat Taylor, and all the while they kept their eyes open for new material to fill the shoes of the graduating members.

The cheerleaders worked hand in hand with Sigma Phi Sigma in backing the teams; they succeeded in creating the greatest spirit West View has ever known.

VARSITY CLUB

Help For Injured Players, Its Greatest Aim

"Could that be Herkie Yost and Zeb Winter, or have the men from Mars descended upon us?" A strange question, yes, but no stranger than the creatures flitting about the high school on the last day of the Varsity Club's renowned initiation. The fellow who seemed to get the greatest amusement, as the steady stream of victims passed by, each toting his load of bricks, was the sponsor, Mr. Hartman. The club, limited to lettermen, had its serious moments too, when they concerned themselves with raising a fund for injured players, or working to increase the support of the Boosters' Club. They held their annual turkey raffle, and assisted at all athletic contests. The biggest moment of the year, however, came in November when the boys who had distinguished themselves on the gridiron, basketball court, wrestling mats, baseball diamond, or the golf greens, were called on the stage to become recipients of the much touted varsity letter. Guiding the fellows through a successful year were: Warren Schomburger, president; Buz Pinkerton, vice-president; and Dave Elms, secretary-treasurer.

Hats off to a job well done, fellows!

LIBRARY CLUB

Learn And Practice A Librarian's Duties

ANOTHER busy year is over for the Library Club but the cries of "Check this book out!" or "Where are the science books?" are still ringing in the ears of the members.

President Joanne Reis and the other girls spent long hours working at the desk, mending books, hunting magazines, and answering the incessant questions of the students who breezed in and out of the library.

In their effort to add color and interest to the library, the girls adopted the duty of decorating the library bulletin boards. With colored paper and book jackets they worked out many attractive displays which kept the study hall students abreast of the new books.

Aside from their regular work, the girls held two social events in the course of the year. In December they held their annual Christmas party, sponsored by Miss Rea and Miss Delp. The party began with the trimming of the huge Christmas tree, a library tradition; then followed a luscious dinner. In the Spring came the Cake Walk, providing gaiety for all.

We express our appreciation and thanks to the Library Club for the valued service they gave.

GIRLS' ATHLETIC ASSOCIATION

Builds Character and Strong Bodies

THIS year a surprising thing happened. The teachers actually defeated the girls of the G. A. A. in the annual benefit game between faculty and students. Was it out of pity that the girls allowed their spirited teachers to swamp them, or were the shorts-clad faculty members just too good for them? Elsie Walters, president, is still scratching her head. Despite the embarrassing senior loss, the G. A. A. carried on every Tuesday afternoon the gym was empty; Mondays found the junior G. A. A. at play. They participated in basketball, volley ball, deck tennis, or drew from Miss Aiken's inexhaustible fund of interesting games. In the spring, if the weather permitted, they used the bats and balls for a rousing mushball game on the back lot.

The material aim of each girl was to win a letter to display proudly on a sweater. To do this she had to earn points by attending; an accumulation of forty won her the sought-after red and gold badge.

The girls gained not only fun and a knowledge of games but a wealth of good sportsmanship and fair play.

Y-TEENS

Sponsor The Senior Breakfast

Soon after school began, the Y-Teens reorganized. At the first meeting, Mary Jane Onderka was elected president. To assist her were Jean Shackleford, who recorded the minutes weekly, and Gayle Phillips, who collected the needed dues. At an evening recognition service, the new members were initiated into the club in the presence of their mothers. That night they were told the ideal of the club: "To face life squarely; to find and give the best."

Their main objective was to raise money for the Senior Breakfast in May, a long-standing tradition at West View. It was the job of the younger girls to serve. The club added the finishing touch by presenting each senior girl with a rose corsage.

To raise funds, they sold automobile plates bearing West View's colors and Indian head. To these profits they added the proceeds from a rummage sale and a bake sale.

The Y-Teens sponsored by Miss Kiedaisch has become a valuable organization, well-deserving of the respect held for it by students and faculty.

FUTURE HOMEMAKERS OF AMERICA

New Addition To West View's Activity Program

THIS year marked the appearance of the Future Homemakers of America, better known as the F.H.A., under the sponsorship of Miss Williams. They felt they had gained sufficient student interest to join the national organization, and already the girls are wearing their national pins.

The activities of the club lean toward sewing more than any other item of home economics. Perhaps you noticed the "repair corner" in Miss Williams' room. It was suggested by the club and soon proved its worth to anyone who had accidentally torn their clothing or lost a button. The high point of the year was a fashion show presented by the girls. They had made the clothes that were modeled, supplied the props, and had written the dialogue themselves. Then, at Christmas and Easter, the girls celebrated with a special activity.

The girls certainly made strides in building the club and, during the year, invited a neighboring branch to visit West View for the exchange of ideas. When they gained more strength they sent a delegate to the F.H.A. National Convention; so, it is evident the girls are interested, and the F.H.A. is here to stay.

HALL PATROL

Guides Our Steps In The Right Direction

"STOP that running!" "Go around the other way!" "Wait for the bell!"

These were some of the shouts of the Hall Patrol men heard throughout the year as they tried to keep West View's students on the track. Earl Neely, Secretary of Traffic, and his squad really had a full-time job, but proved they were equal to cope with the many problems which arose.

The Hall Patrol's biggest job was to help students travel the building from room to room in the short space of three minutes. Stairways had to be kept clear, and the small groups of chattering students shooed. Yes, many a tie-up was prevented by the outstretched arm of a hall patrolman bearing the red and gold insignia.

Lunch time was the worst of any Hall Patroler's day. They had to control the surging masses of hungry students en route to the cafeteria, and to prevent them from roaming the halls after they had finished eating. They also had the task of getting the students to assembly on time.

These were the main duties of the Hall Patrol, and they carried out their various jobs well. Many a student can thank the Hall Patrol for getting him to class on time, and safely too.

THE GIRLS' BOWLING CLUB

Teaches Team-Cooperation And Provides Fun

"YIPPEE, a strike!" "Oh, oh, the ball is heading for the gutter!" "You are not supposed to throw it, roll it!" Those were the happy shouts of the Duck Pin Gang or bowling club. Though organized only last year, it rapidly gained popularity. Marion Wilson, president, and Miss Rucker, sponsor, had no trouble getting the club in shape, and a few weeks after school started, a group of some forty girls headed for the Lyceum every Friday for an afternoon of enjoyment.

A Christmas Party highlighted their social season with delicious cookies, lemonade, and ice cream being served to each member.

As the bowling season ended, the girls eagerly awaited the tallies of high averages and scores, for prizes were awarded. The highest average won first prize, and lesser awards were given to the highest scorer on each team.

Let's hope the Duck Pin Gang continues through the years, because it teaches the girls the spirit of cooperation and provides plenty of fun.

SENIOR HI-Y

Promotes Good Character And Sportsmanship

As in years gone by, the Hi-Y again put in an active season. They started the year off with a bang when Bill Locher, president, invited Mr. George Campbell from the Y.M.C.A. to be their guest at an assembly. This program featured a community "sing", and many of the songs Mr. Campbell taught are still being hummed and whistled. Next, they sponsored a movie, and Walter Locher, secretary-treasurer, put the proceeds in a fund for the senior boys' breakfast.

Every Monday under the guidance of Mr. Craig, the boys met in the gym for a rousing game of basketball or some other popular sport. Through practice they formed a basketball team, called the "West View Warriors", that entered into competition with neighboring Hi-Y's. On Friday night the boys headed for the downtown Y.M.C.A. to swim and splash in the pool.

These boys demonstrated in their actions and manners, that they have lived up to their Hi-Y creed: to create, maintain, and extend high standards of Christian character throughout the school and community.

THE LATIN CLUB

Furthers Their Study Of Dear Old Latin

PASSING room 209 you might see all the "pueri et puellae" listening attentively to their "magister," Miss Della Vance, conjugating the verb "porto" or explaining the endings of the noun, "dominus".

Of course with such highly developed interest in their Latin class, all the students joined the recently formed Latin Club which met once every two weeks during class session. The consuls, of which there were two, were the same as the presidents of other organizations and they called the meetings to order. The scripture reading, the Lord's Prayer, and the flag salute were all done in Latin, after which the scribe called roll and read the minutes of the previous meeting. Then new and old business, such as there is at the present time, was brought up before the members of the club. If time allowed after the business meeting, an individual sometimes entertained, or the club had group singing in Latin.

Each class elected its own consuls, scribes, etc. The Latin 1 consuls were: Bob Watford, Betty Ramsey, Gene Miller, Joan Espe, Meda Kaesmier, Chuck McKain. The scribes were: Janet Lang, Charles Ehrenfried, Miriam Archer. The Latin II Consuls were: Daphne Wolf and Bill Walder. The scribe was La Verne Dolholf.

The club took quite a few field trips during the course of the year. Other activities were the Roman Banquet and Latin Week at the Planetarium in March. We are quite proud of our "pueri et puellae" who make our Latin department outstanding.

FUTURE BUSINESS LEADERS OF AMERICA

Seeks To Build Competent Business Leadership

At a festive picnic in North Park Lodge, the members of the F.B.L.A. and commercial department gathered to become better acquainted. It was the outstanding social event held by our business club. Here they learned the aims of the organization: to develop competent, aggressive, business leadership; to strengthen the confidence of young men and women in themselves and their work, and to develop character.

At the meetings Lois Eyles called the members to order, Audrey Lampus recorded the minutes, Jean Kohle collected dues, and Bob Lyons served in Lois's absence.

In addition to working toward the ideals of the club, the boys and girls, together with their sponsor, Miss Miller, planned several field trips. The first, an excursion to Bell Telephone's central office, was a rewarding experience. Later in March, they made an inspection of the Pittsburgh Post-Gazette building.

The F.B.L.A. has only been functioning for the past two years, and in that time has gained a large membership. It draws exclusively from the commercial department, giving any student who has at least one commercial class the privilege of joining.

ART CLUB

Stages A Comeback

HURRAH for the Beaux Art Club! Early this year the students reorganized their talented group and kept it going at full speed.

Jim McCosby, president, held weekly meetings at which the art-minded boys and girls learned, among other things, modeling, casting, painting in water colors and oils, and all styles of printing. With murals they decorated the art room, cafeteria, and teachers' room.

At Christmas time a poster contest was sponsored. Eagerly the artists set to work on the holiday posters which were to be three dimensional. For a scene depicting carollers beneath a lamp post, Shirley Schultheis won first prize. The second prize was awarded to Arlene Lucas on the merits of her beautiful poinsetta poster, a study in simplicity.

Most of the members had the opportunity to display their talents in other activities. Many of the sports posters were signed by Theresa Fusca. Al Saul, Secretary of Publicity, advertised with his own signs and placards.

With the help of Mrs. Cook, the Art Club, previously inactive, made a real comeback; it is on its way to becoming a most popular organization.

NATIONAL HONOR SOCIETY

Bestows Honor On Outstanding Students

It was eight years ago that the new organization, The National Honor Society, was introduced at West View. Since that time this society has aroused a greater spirit of competition and an incentive to do more and better work.

To be invited to join the National Honor Society is the greatest honor bestowed upon a student for his service to his class and school. The members are appointed by a faculty committee who choose from the junior and senior classes those who have exhibited qualities in scholarship, leadership, character, and service. To be eligible one must rank in the upper fourth of his class. From the junior class this year eight students were chosen, representing three per cent of the entire class. To the eight who were invited to join last year were added seventeen new senior appointees, totaling eight per cent of the senior class. These new members were officially invited at the impressive tapping service held March 3, when the boys and girls, already members, walked among the audience and personally informed the selected students. Later in the spring at a beautiful candlelight service, they were officially installed and presented with gold N. H. S. pins. The climatic event of the year was the banquet held at the Pines in honor of the incumbent members of the West View chapter.

The sponsor is Miss McGinnis, who yearly presides over the activities of the society. Our thanks to her for her profound interest in the organization.

RIFLE CLUB

Trains Students How To Handle Guns

BANG! The air surrounding Oakwood School often was filled with sounds of that sort—yes, you've guessed it; the Rifle Club was in action again.

President, Chuck Crispens; Vice-President, David Gehring; Secretary, Joan Laufman; and Treasurer, LaVerne Smid add up to an efficient cabinet. They worked with Mr. Kruse, sponsor, at maintaining the standards of the club.

As an objective, the Rifle Club was not only interested in developing a team capable of gathering many laurels in the numerous competitive events, but in teaching high school students how to skillfully handle a gun.

The club met every Friday afternoon in the basement of the Oakwood School for practice shooting. With unceasing effort they were able to develop crack teams. As the 1948 season drew to a close, each member was looking toward another year of enjoyment and accomplishment.

PROJECTION AND STAGE CREW

Work Unselfishly Behind The Scenes

"TURN down the lights!" "Oh, Oh! The film is upside down!" If you are wondering what is going on, it's just the boys of the projection crew and stage crew working very hard.

The Projection Crew, headed by Miss Alcott, were those lads unseen in the darkness, who showed movies during lunch hour and for assembly programs. Taught how to operate and repair the projector at their bi-weekly meetings, the boys had few mishaps. We wish to thank these boys for their unselfish contribution to our entertainment.

Another behind-the-scenes group was the stage crew who, without thought of reward, worked diligently at putting up scenery, preparing the stage for assemblies, manning the lights, and other equally arduous tasks. They did not confine their efforts only to assemblies; they spent many after-school hours and evenings working on scenery for the classplays, P. M. A. shows, and May Day.

A large debt of graditude is owed to both the boys of the stage crew and the boys of the projection crew who volunteered their needed services.

SPEECH CLUB

Trains Orators For N. F. L.

The Speech Club has been in existence in West View High School since 1941, when it was organized to interest a greater number of students in speech activities and to promote the training of those who were already participating. Since that time the club has had annually a membership of over sixty students. Almost every Speech Club member eventually earns enough points to join the National Forensic League; then they can take part in oratory on a national level.

The organization has functioned for the past three years under the sponsorship of Miss Emma Dean Morris and Mr. Vernon Metz, who specialize respectively in speech and debate. The high point of the Speech Club year is an annual banquet where membership in the National Forensic League is awarded to successful speech participants.

The club furnished chairmen and workers for speech events at West View and surrounding schools, such as Pitt, Tech, and Duquesne. The presiding officers were: Marilyn Resler, president; Jack Ittel, vice president; Bill McCartney, treasurer; and the secretary was Pat Alston.

NATIONAL FORENSIC LEAGUE

West View Triumphs Again!

WHAT a year this has been for the National Forensic League! After years of being second from the top by one or two points, we have been honored by being one of the outstanding schools of the thirty-two entered in the league of this district. Through the combined efforts of the varsity debate team (Bill McCartney, Bill Morris, Jack Ittel, and Marilyn Resler), those members of the five speech groups (i.e. Dramatic, Humorous, Oratorical Declamations, Original oration and Extemporaneous), and especially the efforts of Miss Morris and Mr. Metz, we have a high rating.

At district we took home two beautiful golden cups signifying first places in dramatic declamation and oratorical declamation. The boy who was responsible for these two additions to West View High's trophies was John Dodson. Besides this triumph, Roy Zimmers brought home a close second place in Humorous Declamation with his "Green Pastures". These two boys certainly caused a lot of havoc among their competitors. West View is known as a strong and dangerous school in this organization. John goes straight to national finals performing his "The Madman" and "Justice and Little Boys".

The finals climax a year crowned with contests and debate tournaments. Those sent to district, county, state and national contests are those who maintained high rankings in the various events of the year.

CHORUS

Vies For Championship Again

As you walked by 102 on Wednesday evening, the soft strains of music floated into the corridor. The West View High School Chorus was practicing again. Every Wednesday night from seven-thirty until nine o'clock, the chorus, under the capable direction of Mr. Harvey Davis rehearsed diligently.

The chorus furnished all the music for assemblies and was often called upon as a source of entertainment for several social groups that met in the school. This year, for the tenth consecutive season, the chorus presented the beautiful Christmas Cantata, "Childe Jesus."

Early in the year, they were chosen to sing at Trinity Cathedral and at the Veterans' General Hospital at Aspinwall. Another honor was bestowed on the chorus when it was asked to present its required contest number at Stephen Foster Memorial. They sang Miss Muldowny's interpretation of "The Holiday Song."

During February and March, they rehearsed for the State Music Contest. Having been proclaimed state champions in class B for two consecutive years, the chorus was working to maintain the high standards it had reached in past years, however, this time in class A.

In addition to the mixed chorus, there were several smaller groups who devoted much of their time and effort to practice. Among them were Girls' Chorus, Boys' Chorus, Girls' Trio, Mixed Ensemble, Boys' Quartet, and Girls' Ensemble. These musical groups have brought honor to West View, and their performances have long been the high spots of the school year.

ORCHESTRA

A Growing Organization

An organization of the school, known as the "orchestra," is rapidly gaining prominence in the eyes of the student body.

We owe the orchestra a vote of thanks for the fine music they provided in programs and stage productions. West View can boast of having a versatile group of musicians.

Through the foresight of Mr. Caruso, we shall continue to have just as fine an orchestra in the coming years. He is teaching classes in the grade schools so that we will have students to fill the vacancies left by graduating members.

When one thinks of the orchestra, he usually thinks of the well-known divisions of the group, such as the clarinet quartet, sax sextette, and the swing band. These boys are to be congratulated for the fine work they did.

A place in the orchestra is a place of prominence for a bandmember, for only the best musicians of the band are selected for this organization. These instrumentalists must be skilled in the field of classic music as well as popular music.

The class of 1948 offers its congratulations to the orchestra and to Mr. Caruso for a job well done.

BAND

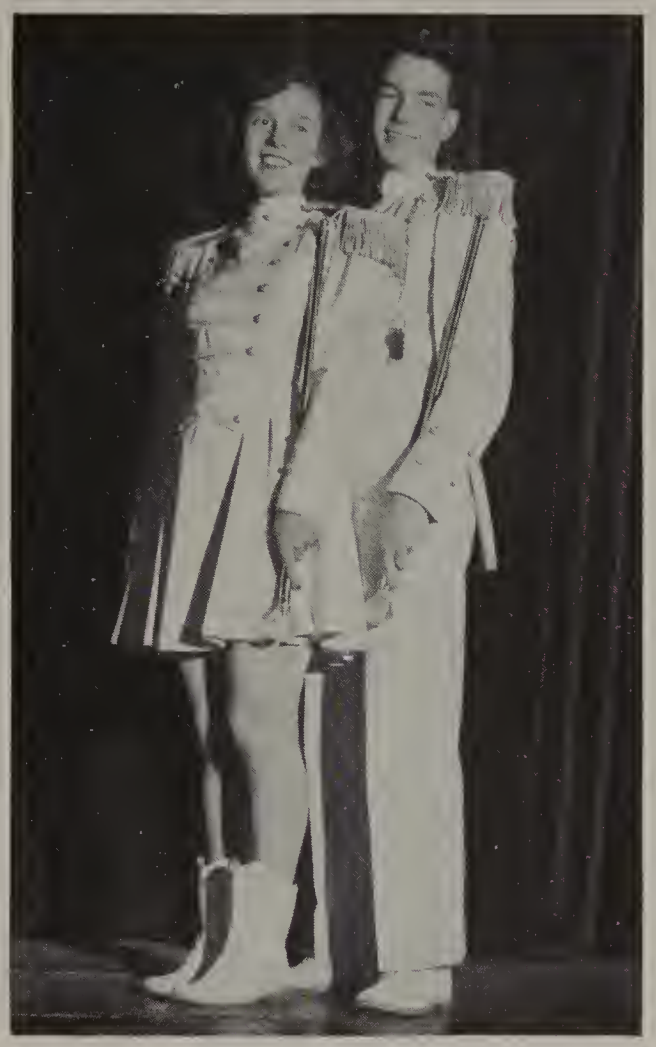
A Brilliant Season

PERHAPS the best ambassador West View has is the band. It gained fame far and wide through the excellence and originality of its routines. The reputation the band won was climaxed by an invitation to perform between halves at the all-important Steeler-Eagle Play-off game in December. For a week Mr. Caruso, the band's director, sat up nights working out an appropriate theme for the exhibition. The result of his efforts was a "Santa Claus Around the World" pageant in which that jolly, rotund, old fellow followed the band around the globe in its interpretation of the young boys and girls of many nations. Amid the applause of the fans at Forbes Field, Kris Kringle presented a check for seventy-five dollars contributed by the students of West View High School to the Press Newsboys' Fund.

The tremendous applause enjoyed by the boys and girls of the band, at the Steeler game was indicative of the ovations received as they marched at the various inter-scholastic football games. At the Bellevue game, the band entertained with its rendition of "Stormy Weather" while our pert sponsor line twirled brightly colored umbrellas. On Halloween Day at the Hampton game, the marching musicians thrilled the spectators with their grotesque falsefaces as they tramped to the strains of a ghostly tune. In December at the Avalon game, the band closed its football season with a superb showing in the form of a patriotic tableau. With red, white, and blue colored lights as the only illumination, the band formed the American flag while playing "God Bless America." Suddenly behind the flag in a blaze of light rose Ruth Jacobs, drum majorette, with a torch and Bible in hand, symbolizing the Statue of Liberty.

And so ended a very successful season. However, there is much more to it. There were hours of gruelling practice and drill. There were the wear and tear of travelling back and forth on crowded buses with heavy instruments and freshly pressed uniforms;

MAJORETTES



R. Jacobs, R. Brown.

there was the numbing weather to put up with; but the fine spirit and alacrity with which the boys and girls participated would make any school proud.

We must not forget the individual talent displayed. At each game head majorette, Ruth Jacobs, skillfully handled two batons. Her greatest feat was the twirling of two flaming batons, highlighted by throwing them into the air and catching them. Marching behind Ruthie in uniforms of white and gold were Daphne Wolf, Mercedes Cipko, and Jean Lanicker with batons and boots flashing. Then came the sponsor line with precision marching and clever routines. Immediately before the band, marched drum major, Ralph Brown, who, in an amazingly short time, mastered the signals used by the drillmasters.

The quality of the band was, in part. created by the director, Mr. James Caruso, through long, hard, and patient work. His cleverness and ingenuity were evident in the freshness and originality of the routines. Both the band and Mr. Caruso deserve the praises and acclaim of the audiences.

ATHLETICS

FOOTBALL - 1947

Fall Comes And It's In The Air

SEVENTY of West View's "Warriors" reported to our field on August 18 to begin regular football training. Coaches Martorelli, Guadagnino, and Wallace, our new J.V. coach, began issuing equipment and sent out the first order of the day—CONDITION YOURSELF! With the mercury bobbing in the eighties and nineties, and most W.V.H. students enjoying their last month of freedom at a beach or pool, the trainees buckled down to a vigorous program of calisthenics. These body-building exercises continued daily throughout the football season. Basic fundamentals, such as blocking, tackling, and running, were supplemented with the necessary practice and perfection of new plays, and new offensive and defensive formations. The three coaches kept a watchful eye on the entire program, seeing that no flaw went uncorrected. By the time the school doors swung open in September, the entire squad had been moulded into a single unit of efficient machinery.

Two veteran seniors, Dave Elms and John Pinkerton, shared the captaincy. "Elmo" cut a notch in his helmet for the fourth consecutive season. He played first string center this term but has seen service on every line position except end. "Buzzy" occupied an end position again this year. Buz's snagging passes out of nowhere accounted for many W.V. tallies.

Other seniors on the squad included: Bill Miller, otherwise known as "Bull". He more than lived up to his handle. Roaming in the backfield he could charge through the line like no "Ferdinand" ever did. The "Beaner", Glenn Beynon, was one of our fastest backfieldmen. Defensive playing was his specialty. Another four-year man, Carl Link, moved back to the line in this, his senior year. It took a truck to force a hole open at Link's quarters. Warren Schomburger and his "educated toe" saved our hides in many a game. His equally effective passes netted the "Braves" many a yard. "Zeb" Winter was a training casualty but scambled back in time to fill a guard slot. A tackle berth went to Bob Lyons. We are glad he didn't forsake West View for another school when he graduated from Hamilton; his charging would be most ungratifying if we were on the receiving end. "Skip" McIndoe was a jack-of-all-trades. Most of this year he spent up front on the line. Another senior, Jim McCosby, spent his first year on the team at tackle but was a very valuable asset. Bob Shaw played in the backfield. "Radiant's" speed made him an excellent ballcarrier.

Big Ed Fullerton, a junior, played all backfield positions. His performance, offensively and defensively, was outstanding in every game. "Tuggy" Heintz, another junior, camped in the backfield as a halfback. Once he had the pigskin, it was hard stopping him.

Chuck Gressang performed so well on the

J.V. that he was quickly shifted to the varsity as a quarterback. Bob Ulrich is a sophomore; like Chuck, he played on the line at tackle.

The season's lid-lifter was held on our home field under portable arcs. Our traditional opening game foes, the boys from Leetsdale, met us on the field with a determined effort to avenge the preceding year's defeat. However, when the final whistle blew, we had held them to a 7-7 deadlock.

After a two weeks' rest, the "Indians" stiffened to meet Millvale. Using candlepower again for illumination, at our second home game we met our "Waterloo." Millvale crushed us with an 18-0 defeat, but our spirit remained undaunted. Coming weeks proved this Millvale eleven to be one of the most powerful opponents West View had met all season.

The first away game was at Mars. Played beneath lights, it see-sawed back and forth with both teams making determined bids to score. Finally the "Martians" tallied six points in the third quarter, and they managed

to hold that lead for the remainder of the game. An injury to Glenn Beynon was the second sore-spot of the evening.

Our age-old rival, Bellevue, prepared their field for a night game with us. Revenge for 1946's loss was in their minds and hearts, and it seemed they might get it when they scored first with two points. Then the "Indians" really warmed up and trampled Bellevue beneath a 14-2 score. "Bull" Miller injured his hand in this tilt.

Returning home, West View set the stage for a night encounter with Avonworth. The opposing Red and Gray proved too powerful an enemy, and the fellows were unable to stop them from reaching pay dirt. Avonworth departed on the better end of an 18-0 score.

Shaler High raced onto our field with an undefeated record. They expected only minor resistance from W.V.H., but under the artificial daylight, the Rose and Gold staged one of the closest and hardest fought games of the season. Shaler was more than glad to scratch out a 7-6 victory.

The West View Eleven again took to the road to play Sewickley, the first time in five years. Both teams fought hard for a victory, but neither could gain a winning lead over the other. The game ended in a tie score of 6-6.

The only daylight game of the year was with Hampton on their gridiron. The "Braves" found their opponents greatly improved over last year, and it was not until the second half that W.V.H. scored. This accounted for the entire scoring of the game, which ended in a 7-0 victory for our team.

A night game at Avalon completed the season's football schedule. This final game had important sentimental value for the seniors. The point margin rocked back and forth four times but West View was victorious 13 to 12.

The fellows may have ended below the .500 mark in victories but they batted 1.000 in team play, good sportsmanship, and spirit, every minute of those nine games. A spirit of fair play on the part of West View was evident every time our team took to the gridiron; in the long run, that is really what makes a team strong—not points. The 1947 football season and all who had a share in it will long be remembered.

JUNIOR VARSITY FOOTBALL

Future Varsity Stars

West View also boasts of its junior varsity football team. It is composed of sophomores and freshmen who are trained in the manner of future varsity stars.

This year the squad was coached by Mr. Wallace who deserves a great deal of credit for their success.

The first game of the season was waged against Avalon and ended in 0-0 tie. The J-V's then played Bellevue in a night game and came out ahead 19 to 0. Cutting holes in the opponents' defense were Gressang, Cully, and Miller, each of whom scored. In the next test, played with Avonworth, West View again came out ahead by a 6-0 margin. The lone tally was made by Gressang. The J-V's then took on Shaler and handed them a 26 to 6 defeat, Miller played most of the game in the other team's backfield and scored four touchdowns. At Sewickley in the next contest the J-V's suffered a 14 to 6 defeat. Miller again scored by making the J-V's only touchdown. In the last game of the season the J-V's lost at the hands of North Catholic to the tune of 14-2.

All in all, the season was successful. The final total was three wins, two losses, and one tie, which was an improvement over last season. We hope that next year they will do even better.

BASKETBALL

Upset Avalon and Springdale . . . .

With the loud cheers of the Avalon gridiron struggle still echoing in their ears the student body anxiously awaited the arrival of basketball.

Mr. Martorelli had quite a few veterans with which to work. He was greatly pleased also over the fact that the section they were in last year had received a thorough re-shuffling.

Three seasoned players put in their last year on the basketball court by capably filling the forward spots. Glenn Beynon, a West View boy, kept the ball moving although greatly handicapped by his knee; nevertheless his performance on the team spoke well for him. Smooth-operating George Fletcher, also up front, exercised precision control with the ball at all times. The other first string forward, Lloyd Murray, followed his brother's footsteps not only in position, but also in dependable performance.

Bob Fleming started the schedule off as center but turned guard about mid-season. His uncanny ability to sink those shots from the far right side of the basket kept the opposing quintets in a perpetual state of uneasiness. Big "Hoot" Gibson, tallest man on the team, was a natural for center. His long arms were able to keep the ball from the enemy.

"Ed" Fullerton, another basketball "name" in the school, held the guard slot opposite Fleming. He was the only first stringer not a senior. His speed got him under the basket so rapidly at times that the scoreboard could scarcely keep up with him.

Don Black, Chuck Gates, Dave Howell, and Phil Wettach composed the nucleus of the second string team. They always could be counted on to give "everything" when called on for duty.

After an easy victory over the "aging" faculty, the "Braves" hit rough waters at North Catholic. Then, just before the holidays, the team piled insult on injury by forcing Bellevue to a 54-47 setback.

The New Year found the team sporting new uniforms, a vivid yellow. It was probably because they were so excited over their "new look" that in first wearing them at Butler,

. . . In A Surprising Season

they had a check mark stamped in the lost column.

Once league competition opened up, the "Indians" began to get the "new look" on the scoring sheet. This season the squad won more of its league games than any West View team had won before.

But in late January the team really landed a haymaker! For the first time in the entire history of the school, the Avalon squad was put on the short end of a score in an encounter with W.V.H.S.

A week later, the second league win of the year was notched against Mars, in which game the "Indians" scored more points than in any other game of the two previous years.

Leechburg, unfortunately, was able to keep our team at bay but had no easy time of it.

When at last the basketball season was ushered out, the team left behind one of the best records ever compiled by a West View quintet. But even more important than that, was the spirit of fair play and good sportsmanship left behind by the many team members who graduate this spring.

JUNIOR VARSITY BASKETBALL

Feeds New Material To The Varsity

THE JUNIOR VARSITY maintained its reputation by keeping pace with their big brothers. Not to be outdone by their Varsity friends, they came through with many decisive victories this year. Although a win by the Junior Varsity does not receive as much school acclaim as a victory by the Varsity, it really is a win for the entire squad. To the Junior Varsity falls the momentous task of feeding new material to the Varsity.

Mr. Martorelli spent much time with them in improving their teamwork and floor performance. The record bears this out. Good team spirit has been very apparent in all their games, even with the score going against them.

Jack Perry, Al Hilger, Chuck McKain, Ron Schomburger, and Ronnie Watkins played first string most of the year, but a player's position was permanent only so long as his performance merited it. Several of the squad proved their versatility by participating in Varsity games.

Mr. Guadagnino's Junior High team, made up of eighth and ninth graders, is a second factor in preparing athletes for Varsity service. What they lacked in scores they made up in spirit. Co-captains Brown and Kaylor piloted their team in several after-school encounters.

The Junior High intramural program organized last year is being continued by Mr. Martorelli and Mr. Guadagnino. The lower grades are divided into several teams and carry on active competition among themselves every Saturday morning. This program is the seed, so to speak, of future teams at West View. Starting on this bottom rung, players gain valuable experience which no other method can offer.

All these underclassmen teams are pulling in one direction, for one purpose, that of producing game-winning varsity squads. None should be taken lightly for it is through them that a W. P. I. A. L. cup will someday be displayed at West View.

"Pull that pin, caddy," was the familiar cry as the West View golfers drove and putted their way to a sectional championship.

Mr. Tiffany had four experienced holdovers from last season. They were: Bob Reilly, Cliff Gass, Don Fisher, and Dick McCarthy. The vacant position was filled by Don Black who came from Hamilton. They teed off in that order with the exception of Black and Fisher, who alternated in the third and fourth spot. Roger Tieman gave valuable assistance as a substitute when any of the first stringers were absent.

The team made a fine showing in exhibition and league competition. The Indians had sweet revenge last year when they trounced Ambridge twice, after losing the sectional play-off to them in 1945 and 1946. They captured the sectional title with a perfect record of all wins. Then they went into the W. P. I. A. L. semi-finals where they were defeated by Baldwin after a close, hard-fought match. It was the third time that a West View team had suffered defeat at the hands of Baldwin in the championship play-offs.

Bob Reilly, for the third straight year, led the Indians' attack with the lowest medal average ever recorded at West View.

The outlook for the season's squad is very promising. With the exception of Cliff Gass who graduated last year, the whole team is back again. Dave Howell has been playing well in practice and is expected to fill in the vacant position. So let's go fellows, after coming so close last year, how about taking that W. P. I. A. L. championship this time?

WRESTLING

Boys Have Good Season Under New Coach

West View's other indoor sport also had a rather successful season. When the mats were taken out in the middle of December, about forty boys showed up for practice. This year they were under the leadership of Coach Ivor Smith. This is his first season as wrestling coach, and he did a very good job of it.

In the first match of the season, they took on Shadyside and came out on top with an 8-6 victory. The next contest was a little tougher, but our grapplers wouldn't be defeated; it ended in an 8-8 stalemate. West View really went to town in the next two matches by defeating Munhall, 9-5 and Shaler, 12-4. In their second match with Shadyside, our groaners met a little stronger competition than in their first, and this match ended in a 6-6 tie. West View met some tough going then and dropped four in a row. However, our boys came through in the last two matches and defeated Dormont, 8-7 and Shaler, 13-2.

After the regular season is over, district tournaments are held to determine the best wrestler in each weight class. In order to participate in the tournaments a wrestler must win at least five of his matches during the regular season. Four of the boys on the squad this year did this and competed in the tournaments. They were Dale Hauser, Ken Tyson, Ken Richey, and Bob Shaw. Bob Shaw didn't lose a match all season. None of them were able to take their weight class but Bob Shaw came close to it—losing on a referee's decision.

Though they have had a different coach almost every season for the last few years, the wrestlers had a good season. They are looking forward to better seasons in the future with Mr. I. Smith as coach.

BASEBALL

Our Thoughts Turn To Baseball In The Spring

Our high school athletic program moves on to baseball with the coming of the spring thaw and the drying of the ground. This year's squad was under the direction of Mr. Hartman. Only six members appeared on the squad from the year before, including the veteran pitcher, "Tuggy" Heintz, John Mitchell, Jack King, George Bauer, John Bruggeman, and Bob Atkison.

After several weeks of hard practice, the team was in the best of condition for the first game, but their opponents, Neville, proved no match, since a one-sided score of 21-3 resulted. In the first W. P. I. A. L. contest, Shaler proved to be a difficult problem for the Indians. Shaler edged our nine by a 3-1 score—a battle till the end.

West View remained undefeated in the remaining league games, and with a 4-1 victory over Shaler in their second meeting, the two squads moved into a section deadlock. A play-off game resulted. Playing on Aspinwall's field, the two teams got off on scoring.

The second Aspinwall game brought out the pitching ability of two hurlers, whose combined strike-out total mounted to twenty-six—"Tuggy" Heintz was credited with fifteen.

Excellent playing was the result of constant competition for position. Glenn Beynon and Bob Sarver fought it out for the initial sack, while Jack King, Al Hrubes, and Bob Atkison put on their best to win the second base berth. In left field George Klier and Bill Andresevic vied for that position, while behind the plate John Mitchell was pressed by Dick Hutchison and Chuck Gressang. Lloyd Murray did a fine job of filling the shortstop slot vacated by John Kuss.

All this resulted in a profitable season for the West View Indians, and with the numerous holdovers the "48" season should be one of the best.

MAY FESTIVAL

THE time drew near, and a breathless hush fell upon the audience in West View's flower bedecked auditorium as they waited for the door to open for the 1948 May Queen.

The procession of the May Day dancers and their escorts had already passed in splendor; then out stepped Miss Ruth Jacobs garbed in the traditional white and glided to her throne.

Ruthie has attended West View High School for four years, and in that time won every student as her friend. Gaiety, sincerity, kindness, and altruism were all integral parts of her splendid personality.

We, the Class of 1948, bow to our May Queen.

Dear Ginny

Well we have had a few ups & downs but we still got along. You are a real swell girl and I have a lot of fun when I'm with you. Don't forget that great baseball game you saw on the 5th of July, when I hit that one to the shortstop. And I still say your hair is black and not brown but you get your way all the time. Don't forget to cheer for my buddy (goose) because this year your going to have your as big cheerleader. I feel sorry for you because this year Doergal but we are to put up with another Doergal but we can all good-looking anyway. I hope we have as much fun in the future as in the past. Well I'm going to stop because you can't read what I wrote so far.

Lots of Luck and Love to you
